From the Executive Director....

A few years ago, as I sat in a hospital room with my son, who had just been diagnosed with Leukemia, I was overwhelmed by the volunteers and hospital staff at Hackensack University Medical Center (HUMC). "Who are these people?" I thought. They would show up every day to talk and bring something special to brighten the day. They made our trying times easier to bear. "If I ever get the chance, I would like to give back and help others who are going through their own trying times".

While in the hospital, my son and I would talk for hours about restoring his car. As the weeks and months went by in the hospital, we would look at books and magazines on car parts. We would think about the day that he would be able to come home, work on the car and drive his G.T.O. That wonderful day came two and a half years later when he went on to college for Automotive Technology Engineering. That is when I put the two ideas together...cars and giving back. My son's love for cars led to the idea of having a car show fundraiser.

With the help of my friends and the support and kindness from the Birchwood Manor and Whippany Fire Company, our dream became a reality. In 2003 we hosted the first annual Whippany "Two Kids" Car Show on the grounds of the Birchwood Manor and it was a success. It was truly a beautiful day! In 2004 the community brought forward many new volunteers to join as one and put together our second annual show.

In 2005 the Two Kids Foundation became a reality. We are established as a not for profit corporation with the Federal and N.J. State government. Visit our web site www.TwoKidsFoundation.Org to recognize the volunteers who make up our officers and board of directors.

The "Two Kids" Car Show has helped many families already and this year is no exception. Please read throughout the following pages the stories of this year's special "Kids", Colin, Jessica and AnNur. With your help and support we can help these great "Kids" and their families.

It is a great pleasure as the Director of the Two Kids Foundation to extend a warm welcome to our many friends of the community, the county, the state and all who made the trip from out of state. We also are sincerely grateful to Ivy Realty for the donation of their facilities which will insure the success of this year's event. Today, I hope you will find a day of friendship, fun and charity. Your participation has proven that you are willing to help make our campaign successful. Seven years have passed since the first Two Kids Car Show and each year it gets bigger and better. This year many events make the day a total family day to celebrate the children. As we progress each year, our original goal still remains our foundation: "THE KIDS." Thanks to everyone and enjoy the day's festivities.

Arnold "Woody" De Trolio
Executive Director Two Kids Foundation
